

Technical Data Sheet

Category: Chemicals

Product name:

Ethyl Alcohol (Ethanol)

Characteristics:

Property	Denatured technical synthetic ethyl alcohol
Appearance	colorless translucent liquid free from contaminations
Volume fraction of ethyl alcohol, %, not less than	99.0
Mass concentration of acids in conversion to acetic acid, mg/dm ³ , not more than	7
Volume fraction of acetic aldehyde, %, not more than	0.7
Volume fraction of croton aldehyde, %	not less than 0.2
Volume fraction of diethyl ether, %, not more than	1.0
Mass concentration of dry residue, mg/dm ³ , not more than	5
Mass fraction of bitrex, %, not less than	0.0015
